

WARMAGEDDON

(or **The Emperor's New Climate**)

by John Ansell

Dedicated to the late New Zealand scientists Bob Carter and Chris de Freitas, and the thousands of climate heretics who suffer daily for their honesty.

“TWO-FOUR-SIX-EIGHT —

PANIC AND EXAGGERATE!”

“TWO-FOUR-SIX-EIGHT —

PANIC AND EXAGGERATE!”

Planets cool and planets warm,

Climate changes are the norm;

See who gains from claims that geddin’

Warmer equals Warmageddon.

“SEE WHO GAINS FROM CLAIMS THAT GEDDIN’

WARMER EQUALS WARMAGEDDON!”

Who’s enriched to “hide declines”?

Who’s dismissed if he declines

To play the game as state defender

Of this UN tax agenda?

Al Gore's truth most inconvenient!

Asian glaciers — disobedient!

Failed predictions never cease!

Polar bears — hide the increase!

“AL GORE GAINS FROM CLAIMS THAT GEDDIN’

WARMER EQUALS WARMAGEDDON!”

“TWO-FOUR-SIX-EIGHT —

PANIC AND EXAGGERATE!”

Profs who stray from state religion

Get no funding — not a smidgen;

Take your money, all pretend

Planet Earth's about to end!

Profs won't risk being shunned or fired,

Yet confess once they've retired:

“Pressured to exaggerate —

Just a shame we had to wait.”

“...TILL THEY'D GAINED FROM CLAIMS THAT GEDDIN’

WARMER EQUALS WARMAGEDDON!”

“TWO-FOUR-SIX-EIGHT —
PANIC AND EXAGGERATE!”

Is Earth’s situation critical?
“Settled science” is political;
Real science keeps evolving
Till a planet stops revolving.

Go to Vic to watch ‘debate’,
Sceptics can’t participate;
Ten debaters, all one side,
Soon pronounce us drowned or fried.

“PROFS ALL GAIN FROM CLAIMS THAT GEDDIN’
WARMER EQUALS WARMAGEDDON!”

“TWO-FOUR-SIX-EIGHT —
PANIC AND EXAGGERATE!”

Ask ‘debaters’: “Why the bias?
Why are sceptics now ‘deniers’?”
Most unjust religious mission
Since the Spanish Inquisition.

Clerics said the Earth was flat,
Sceptics died denying that:
Where have men of conscience gone?
Gone along with science con!

In that simple anagram
Lies the key to climate scam:
Lies from scientists who doubt it,
Lie for cash — can't live without it.

Let themselves become corrupted
Lest their incomes be disrupted,
Trading their integrity
For career security.

“SCIENTISTS GAIN FROM CLAIMS THAT GEDDIN’
WARMER EQUALS WARMAGEDDON!”

“TWO-FOUR-SIX-EIGHT —
PANIC AND EXAGGERATE!”

Why do IPCC papers

Hide the fact that water vapour's

7/10ths of greenhouse gases?

Why conceal it from the masses?

Can't tax water — that is why

In their models, air is dry!;

Sceptics point to sun and cloud,

Stuff decrees: "That's not allowed!"

"STUFF HAS GAINED FROM CLAIMS THAT GEDDIN'

WARMER EQUALS WARMAGEDDON!"

"TWO-FOUR-SIX-EIGHT —

PANIC AND EXAGGERATE!"

Someone tell these great left brains

Sky's a sponge — that's why it rains!

Cos you can't tax H₂O it

Doesn't mean you shouldn't show it!

Facts when seen through red-green prism

Cited as "denialism":

Commenting with common sense is

Banned to prove their fake consensus.

Greatest greenhouse gas is water,

Yet they scare your son and daughter

That a puff of CO₂

Will kill them, you and Tuvalu!

Climate Scientologists’

Ship of scholars badly lists;

Greens again have missed the boat —

As predicted, atolls float.

“GREENS ALL GAIN FROM CLAIMS THAT GEDDIN’

WARMER EQUALS WARMAGEDDON!”

Leftists lie that CO₂

And CH₄ are killing you:

Our carbon foot is much too small

To kick-start warming of our ball.

Yes, for absorbing rays of heat
Man's CO2 just can't compete;
Heat's main absorber's H2O
And micro-methane's got no show!...

"TWO-FOUR-SIX-EIGHT —
PANIC AND EXAGGERATE!"

...'Tis but a speck compared to water,
Just don't tell your son or daughter:
Lefties need kids scared to death,
So tell them lies with every breath!

And for this speck they'd shut down farming?
That's what you should find alarming!
Sacrifice your bright green pastures
For Jacinda's red-green masters!

"LABOUR GAINS FROM CLAIMS THAT GEDDIN'
WARMER EQUALS WARMAGEDDON!"

Who will put New Zealand first?
Winston's lot would be the worst;
Billion trees to squeeze out farmland
Till New Zealand is New Finland.

“WINSTON GAINS FROM CLAIMS THAT GEDDIN’
WARMER EQUALS WARMAGEDDON!”

Nats can’t seem to find a spine:
So that grass will soon be pine;
Go along with lower yields
Leave us pining for the fields!

“NATIONAL GAINS FROM CLAIMS THAT GEDDIN’
WARMER EQUALS WARMAGEDDON!”

Terrified to tell the truth:
Sooner terrify the youth;
Whipped to toe the party lie,
Tell young kids, “You’re gonna die!

“Earth’s got twelve more years to run!
You won’t get to twenty-one!
Tell your parents they’re to blame!”
NZ MPs’ UN game.
